The Herb Society of America Library

Friends Fact Sheet

Definition of Friends

A group of enthusiastic members interested in the advancement and support of the library

Mission

The mission of the Friends is

- to promote the use and enjoyment of the library
- to raise funds to help improve library service and sponsor special programs

Importance of a Friends Group

We all enjoy having friends! The Herb Society of America Library would like to provide an opportunity to recognize its supporters and also provide an avenue of participation for members devoted to the success and longevity of the HSA library.

Friends raise awareness of the library and its services among HSA members and in the community by advocating the mission of the library. Friends advance the library and its services through fundraising, promotions, use of the library, networking, and programs.

The money Friends raise for the library can be used to purchase new materials, support special projects in the library, and bring new opportunities for fostering herbal education to all HSA members through the library. These important activities of the Friends help to ensure the HSA Library continues to grow as The Society's resource center for herbal information.

Benefits of Membership

Friends of the Herb Society of America receive

- Discounts at library book sales
- The latest library news and information
- Recognition at the annual meeting
- Access to a Friends message board

Friends Activities

- Raise money to benefit the library
- Sponsor and host special programs to benefit the library
- Volunteer in the library or at Friends sponsored events and programs

How to Join

Annual memberships at a modest rate and a lifetime membership are available. A sustaining membership is available for those wishing to make additional contribution to the Friends.
