

THE HERB SOCIETY OF AMERICA, INC.

SEED EXCHANGE COMMITTEE

Approved January 2012, Amended June 2014

The purpose of this committee is to facilitate for members of The Herb Society of America the exchange of seeds with other members. This not only encourages interaction among members but also continues to expand educational opportunities delivered via the website.

The botany and horticulture chair will appoint the committee chair.

The committee chair will submit to the botany and horticulture chair a written report at least one month before each board meeting.

The Seed Exchange Committee

The Seed Exchange Committee will operate throughout the year and will

- collect seeds sent by members
- publish a list of available seeds on the website together with pertinent information
- package and send seeds to members at cost upon request
- publicize information about collecting, cleaning, and labeling seeds
- Provide venue at each educational conference where members may purchase seeds

The Seed Exchange Committee chair will recruit volunteer help as needed.

The HSA education chair, using recommendations from the seed exchange chair, will determine where and when the seed sale will take place during the conference.
