Filter System for Evaluating Proposed Programs

Each criterion below is evaluated for a particular program on a rating scale from 1 to 5, where higher numbers connote positive assessment. Evaluated programs will then be weighed against one another for implementation based on the scores they have earned.

1=strongly disagree, 2=disagree, 3=neutral, 4=agree, 5=strongly agree

Program Name:	Score	Date and Comments
Is it mission-related?		
Is there a need?		
Is there user-base enthusiasm?		
Is it easy to implement?		
Can we afford it? (Is there a favorable cost & benefit ratio, considering $ and staff time invested?)		
Is it something *we* are enthusiastic about doing?		
Does it contribute to a balance of offered programs and events?		
Is it timely, and/or difficult to defer?		
Does it address a targeted audience?		
Does it invite or make use of collaboration with other groups or institutions?		
Does it contribute to the Society's prestige?		
Will it satisfy perceptions of what we should be offering? (Will it appear appropriate?)
