

THE HERB SOCIETY OF AMERICA, INC.
PROMISING PLANTS COMMITTEE
Approved January 2007, Amended June 2014

The Promising Plants committee introduces new or under-utilized herbs during the HSA annual meeting of members or educational conference.

Responsibilities:

- Report to the botany and horticulture chair
- Submit a written report at least one month before each board meeting and the annual meeting
- Present a formal program on 'herbs of interest' to The Society members at the annual meeting of members or educational conference. If the program includes an evaluation of the plants, the resulting information should be provided to the membership.
- Submit photographs or electronic images (minimum 300 dpi) of 'herbs of interest' to HSA headquarters
- Provide annual 'herbs of interest' information for publication
- Promote the use of these promising plants, both by members of HSA and the public
